

Directions to Gulliver's Lake Carefree RV Park

From the Store:

Head West on Harvester towards Guelph Line. Turn Right and get on the HWY. You want to head West taking the Highway 403 Hamilton route.

Take the Hwy 6 North exit and continue North of Clappisons Corners at the top of the hill. About 7-10 min Turn Left on Safari Road to Gulliver's Lake Park. It's on the left about 3 KM from Hwy 6.

Admission to the park is \$10.00pp, payable in cash at the gate or you may park and use debit. Please do not block the gate in any way if you are parking. Cash is MUCH EASIER!

We meet about 1/3 of the way down the quarry (just after the fountain). You MUST not pull off the road as the ground is soft. Pull up by our signs and pull over to the right side of the road. The FNF crew will help you unload. You can then go and park at the top of the lake before walking back down to set up your gear.

If you have any issues with the Park staff or management, please do not address these yourself with the park staff. Please advise your FNF staff member of the issue and let them resolve the issue for you. FNF works hard for the park and it's guests and has an excellent reputation. We are happy to assist with any issue you may need resolved.

Gullivers Lake - Gear and Parking Guidelines
