

Join Float N' Flag dive crew for our famous

Drive n' Dive

**FLOAT
N' FLAG** weekends

Whether you're new to diving or have been at it for a while, you'll love the format of this weekend. No Charter fees, and just 1 overnight stay in Toby on Saturday night. All dives are guided shore dives, several in places many of you haven't dove before. This expands your experience, comfort and options for future diving. Participants will DRIVE and meet in Warton for 2 DIVES on Saturday, then DRIVE to Tobermory for an overnight stay at the friendly Coach House Inn, a long time Toby favourite of the Float N' Flag crew. You'll then do 2 shore DIVES in Tobermory (Tugs and Lighthouse) before hopping in the car and DRIVING home on Sunday.

Participation for the weekend will simply cost \$125 with the hotel or \$75 without. Air fills, Meals and any Rental Gear (if required) are not included.

Secure your spot and be sure to register early. Hotel rooms are limited in Tobermory! You

can register in person at the shop, or better yet, use our online registration form. Click on the *Go Diving Tab* on the website and you can register from there by clicking on the red bar that says "Register for Group/Local trips."

2 great weekends to choose from:

JULY 27/28

SEP. 21/22

Tobermory and Cedar Hill Park (Warton)

*\$125 room cost is based on double occupancy. Roommates for single divers will be assigned based on order of event registration.

What a spectacular introduction to local diving, making new friends and becoming part of the Float N' Flag community!" Our now famous Drive N' Dive weekend is the best way to get one of the best weekends of local diving, all under the guidance and supervision of our professional staff. And with 4 shore dives and an overnight in Tobermory, the \$125 price tag is perfect!!

Participants on our Drive N' Dive weekends can be at any diver level. The guided dives are within Open Water Diver depth limits. Participants certified and with cold water experience are welcome to dive to their certification, experience and comfort level.

Please note, this weekend is **designed for active cold water divers**. It is **not a "refresher" for those that haven't been diving in a couple years**. If this is where you're at, no problem. We have a **ReActivate program to refresh** your Dive Theory and In-water skills. Find out more about our ReActivate program on our website or ask the crew. Drive N' Dive is also not an appropriate session if this is your first time in cold water. If you're an active diver but not in cold water, a free practice session will be held every Wednesday before the DND weekend to allow people to dive in Gullivers with the gear they plan on using for the weekend. You'll fine tune your weighting, buoyancy and trim in anticipation of the weekend.

If you're interested in our **Advanced Open Water course**, which includes a deep dive in Wiarton at the same site we visit for the Drive N' Dive, view the details on our course offerings this season on the website or pick up a course flyer. If you're already AOW certified and would like to explore other PADI courses offered by the most experienced Instructor Team in Canada (Rescue, Nitrox, Drift, Deep, Wreck, etc.), head to the shop or our website and calendar to check out all your options!

See you underwater!
