

2020 OPEN WATER REFRESHERS

This program is offered on the **SUNDAY** of our Open Water Diver Class weekends.

Jan 19th Feb 23rd Mar 22nd Apr 19th May 17th June 7th
July 5th Aug 2rd Aug 9th Sept 13th Oct 4th Nov 1st Nov 29th

ReActivate Your Skills

Haven't been in the water in a little while? If you are going away or just want to get back into diving, then we have a "refresher" program to make it easy to get back in the water. We focus on safety and skill development so your re-engagement into diving is awesome!

With the ReActivate program, not only do you get to refresh your skills with an online theory review and a pool session, but you will also receive a new "ReActivated" certification card. Operators and Resorts will be looking for you to have completed this program if you've been out of the water more than 6-12 months. To sign up, pop into the store to register for the course or register/pay online by visiting <https://floatnflag.com/reactive-scuba-refresher/>

1. **Knowledge Development** – As outlined above, this develops your familiarity with basic principles and procedures using realistic dive scenarios. The online learning will move on when you understand the material, or provide additional information if you weren't quite right. This should be completed before your pool session, and a brief quiz will be given by your instructor.
2. **Confined Water Portion** – You will review and practice all the main scuba skills in the pool, refreshing how to set up your gear, practice emergency skills, tweak your buoyancy skills and perform other basics to ensure your comfort and safety when you go diving. You'll also have time to work on additional skills you want to practice.

Materials: All required learning materials are available online. Students must have their own mask, snorkel, fins and boots.

Cost: The ReActivate Online program is \$75 + your in-water session includes a tank and weights and is \$100. Gear rental (BCD & regulator), if required, is an additional \$35.

Note: Must be booked and paperwork completed a minimum one week in advance. Rental equipment (as needed) can be picked-up the Friday or Saturday before the Sunday pool session. The PADI online course pricing may change without notice.

Prerequisites: To enroll in the PADI ReActivate program, you must be 10 years or older with a minimum Open Water Diver Certification from PADI or a qualified certification agency. A simple medical form must also be completed to ensure your safety while diving. Some simple paperwork will be required, and you'll need to have your own scuba fins/boots, mask and snorkel. Float N' Flag does not rent these items for fit and hygiene reasons.

Schedule

e-Learning: The online module should be completed before the pool session. We receive notification of your completion automatically and will administer a quiz on the day of your refresher (or earlier if possible).

Pool: Sunday's as noted above @ 8:00am - 12:00pm (Wayne Gretzky Pool)
