Arrive at Pool @ 4:15pm - Double Vaccination Check Procedures in Effect

Please see the map on the next page. You will need to check in to show your proof of double vaccination at the front lobby with Photo ID. Once completed, you'll drive around back and park in the back lot and enter the building directly onto the pool deck through Door 7 **at 4:30pm**. Please be on time as the door needs to be supervised to let you in.

You should have all your gear with you when you arrive at Door #7. Upon entering, you will be given a brief COVID screening questionnaire and you'll need to be wearing a mask the full time you are in the building (except when underwater of course). Please also ensure you are physically distancing from others you don't live with.

Please shower in the daytime before you come to the pool and wear your bathing suit under your clothes so you can be ready right away. The requirement to shower immediately before entering the pool is currently waived.

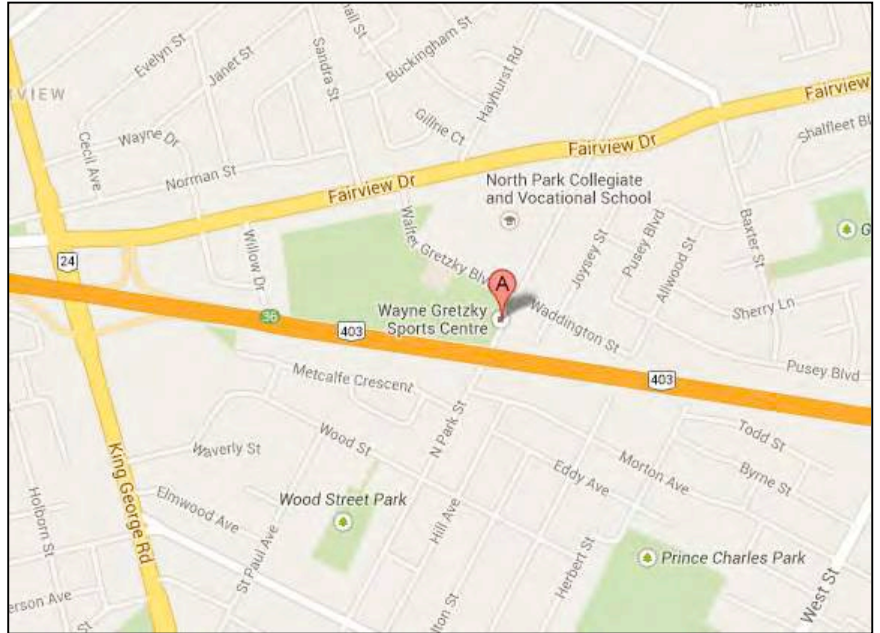

Being on the deck at 3:30pm sharp will give us time to set up equipment and do a quick brief with your session leader. We are in the water promptly at 4:00pm. Your group lead or one of the FNF staff will be in charge of the rinse hose at the end of the pool session since communal rinse buckets are no longer used. Simply strip your gear down and bring it over to the rinse area. We'll give your gear a thorough rinse with the hose. Since it isn't a full immersion, we strongly recommend you give your gear a thorough dunk style rinse when you get home. You can then have a shower and change into your street clothes at the end of your pool session. The pool staff have requested we try and be out of the building by 6:00pm (or 30 minutes after our pool time on Extended Time sessions).
