

2025

ADVANCED OPEN WATER DIVER

June 17th - 22nd

July 22nd - 27th

Sept 2nd - 7th

Deep may be done on Gilboa trip Sept 12-14

Move up and experience real adventure with the PADI Advanced Open Water Diver course. As you step beyond the PADI Open Water Diver level, you make five dives and have the opportunity to try some of diving's most rewarding and useful specialty activities, such as navigation, night diving, deep diving, DSMB use and peak performance buoyancy. These skills make diving much more than underwater sightseeing. Plus, the Advanced Open Water Diver course takes you one step closer to Master Scuba Diver – the highest certification level in recreational diving.

With your PADI Instructor, you'll complete the 5 Adventure Dives. These dives boost your confidence as you build these foundational skills. Each Adventure Dive in the PADI Advanced Open Water Diver course may also credit toward the first dive of the corresponding PADI Specialty Diver course (ie: Deep, Night, PPB, etc.)

Required Equipment List: In addition to the PADI Advance OW Diver e-Learning, you'll need all of your basic Scuba gear including: mask, snorkel and fins/boots. You'll also need your AOW Planning Slate (included), 1 Visual + 1 Audible signalling device, 1 primary dive light and a dive knife or cutting tool. A 10% discount is applied to these items. A tank light is also recommended for the night dive. You'll also need a computer, either your own or you may rent one from us. Several specials are available at FNF to you as an AOW student at the shop. **Note:** While we encourage you to start looking at buying your own gear, key **gear included in the course price** is an exposure suit, weights, regulator (with SPG & alternate air source), BCD, compass, tanks and ALL air fills for the course dives.

Pre-requisites: Open Water or Jr Open Water Certification (must be over 12 years old)

Cost: Course Fee @ \$444 (includes course fee + Advanced Data Carrier) + e-Learning (\$255). Tax extra.

Schedule:

Tuesday @ 6:00pm: Classroom at Float N' Flag Dive Centre (DSMB + Navigation Review & dive planning)

Wednesday @ 6:00pm: PPB Dive, DSMB Dive - Gulliver's Lake Park – Entry fee \$12.00

Thursday @ 6:00pm: Navigation & Night dives - Gulliver's Lake Park - Entry fee \$12.00

Saturday @ 10:00am : Back-up Dive Day - please make sure you leave it available

Sunday @ 11:00am: Deep Dive - Warton (Optional second fun dive) - Sept Deep Dive can be done in Gilboa.

NOTE: Please complete the e-Learning & Knowledge Reviews for the following chapters: Thinking Like a Diver, Navigation, Night, Peak Performance Buoyancy & Deep. DSMB will be covered fully in class. We strongly recommend you also complete the Drift and Wreck chapters as well, and you'll most likely want to take the Enriched Air Diver course with or right after your Advanced course, so it's also worth reading.
