Who should try this experience?

Have you always wondered what it's like to breathe underwater or swim with the fish? If you want to try scuba diving, but aren't quite ready to take the plunge into a full certification course, Discover Scuba Diving is for you. It is a quick and easy introduction to what it takes to explore the underwater world.

Note to Divers: If you've certified with FNF and are bringing a friend, we have great news! You can join your friend absolutely free! You already know that one of the best things about diving is sharing it with your friends and family, so we want you to come along and explore with them. For you, there is no course fee, and free rental gear is also included!

What will you learn?

You'll learn the basic safety guidelines and skills needed to dive under the direct supervision of a PADI Professional. Get ready to:

- Go over the scuba equipment you use to dive and how easy it is to move around underwater with your gear.
- Find out what it's like to breathe underwater.
- Learn key skills that you'll use during every scuba dive.
- Have fun swimming around and exploring.
- Hear about becoming a certified diver through the PADI Open Water Diver course.
