

AWARE DIVE AGAINST DEBRIS

FLOAT
N' FLAG
DIVE CENTRE

Available on request. One dive is required for certification.

Pay the ocean forward by helping clean it up on your next dive. Learn about the problems of marine debris, conducting Dive Against Debris surveys, and how divers are a part of the solution to keeping our oceans clean. Do you want to make a difference on every dive but are not sure where to begin? Gain the knowledge and skills to activate your inner citizen scientist by taking the Dive Against Debris® Specialty. You'll learn to complete Dive Against Debris surveys under the guidance of a PADI® Professional and help keep your local dive sites healthier by removing trash.

The Fun Part

Helping be part of a global movement to Save The Ocean is an amazing experience. It's incredibly rewarding to pull trash out of the ocean and know your efforts are making a difference.

What You Learn

Your training starts in the classroom by learning:

- About marine debris, the damage done, what it is, where it comes from and how divers are part of the solution.
- How to establish a Dive Against Debris® survey, the survey frequency, sites, profiles and equipment. Also the use of photography and knowing what to leave behind.
- How to make your survey count. The five easy steps to report the debris you've removed to maximize each survey's benefits.
- How to join the global AWARE movement of scuba divers protecting our ocean planet.

During your one open water dive, you will conduct a Dive Against Debris® survey, including weighing, sorting, recording, disposing and reporting your marine debris to the PADI AWARE Foundation.

Prerequisites: If you're a PADI (Junior) Open Water Diver who is at least 12 years old, you can enroll in the Dive Against Debris Specialty course.

Cost: \$150 Course + e-Learning (\$92). Tax extra. You'll receive a 100% AWARE Certification card, and fees will be donated to PADI AWARE to help with the mission to Save The Ocean!

Schedule:

This course is offered during all Float N' Flag group travel opportunities, events or can also be done as a stand alone course at any time. 1 Dive is required for certification. Please inquire at store for details or e-mail brad@floatnflag.com.
