

AWARE SHARK CONSERVATION

FLOAT
N' FLAG
DIVE CENTRE

Available on request. 2 Dives required for certification.

Love sharks? Scared of sharks? Or do you just want to know more about them? Sharks are an essential part of a healthy ocean. This course explores why they are vulnerable, the importance of a healthy shark population, managing threats and how to take action to protect them. Enroll in our AWARE Shark Conservation Specialty course and discover the value of sharks to marine ecosystems and economies. You'll learn more about the causes of declining shark populations and the actions you can take to become a knowledgeable and passionate shark defender. By being informed, you can dispel misconceptions and act to protect sharks. Sharks need you!

The Fun Part

While seeing sharks isn't required for certification, it's awesome diving with the anticipation of seeing some. Many of our dive destinations feature close encounters with sharks, including Galapagos, Guadeloupe, Belize, Grenada, Saba and many, many more.

What You Learn

At the end of your classroom session and two open water dives, you will be able to explain:

- The conservation status of sharks, why they are unique and vulnerable, and the importance of healthy shark populations.
- How to manage threats to sharks, recognize the value of sharks and remove barriers to conservation.
- Actions you can take to protect sharks and how joining a global movement of divers can help to protect sharks.

Prerequisites: If you're a PADI (Junior) Open Water Diver who is at least 12 years old, you can enroll in the AWARE Shark Conservation Diver Specialty course.

Cost: \$150 + tax. Materials are included and will be provided upon registration. You'll receive a 100% AWARE Certification card and fees will be donated to PADI AWARE to help with the mission to Save The Sharks!

Schedule:

This course is offered during all Float N' Flag group travel opportunities. 2 Dives are required for certification. Please inquire at store for details or e-mail brad@floatnflag.com.
