OCT 1-3, 2027

OK all you Float N' Flaggers... Here is a great weekend for everyone who wants to try a new place, see new stuff, have lots of fun and make new friends. Did we mention diving was involved!? We're heading down to Ohio on October 1-3.

This is a very economical weekend for diving in a great place with lots to see. They have a shallow side that's ideal for Open Water or newly Advanced OW divers, and a Deep side for those certified to dive deep. Even wetsuit divers will enjoy this weekend, and will come back with some great memories.

That's where the photo above was taken of the airplane and helicopter fuselages, so you'll see cool stuff... and LOTS of fish.

- ECONOMICAL WEEKEND
- SHALLOW & DEEP DIVING OPTIONS
- GREAT FOR ALL EXPERIENCE LEVELS
- NEW FRIENDS & MEMORIES
- TONS OF FISH & COOL STUFF

Once we have the number of divers for the trip, we will communicate the final cost based on staffing for the weekend.
